Costa Rican La Minita

This is one of the finest estate grown coffees in the world. Undergoing the most meticulous preparation of any coffee, it is grown without the use of pesticides, herbicides, or insecticides, and is also a member of the "Rainforest Alliance Certified" family. A coffee of limited supply that we are proud to offer. The taste is smooth and rich, with a distinctive flavor and aroma.

French Roast

A dark roasted coffee with a hardy flavor. With the dark roast the caramelized taste is full and rich, with a very pleasant aftertaste. This is a full-bodied coffee without the bitterness often found in some dark roasted coffee. We are able to obtain this characteristic by being able to achieve the dark roast at lower temperatures.

Espresso Oro

So named because of the golden color of the exceptional crema produced. A 100% Arabica blend of natural and washed coffees from Central and South America, and Indonesia. Each coffee is roasted separately by our own technique, which produces a lighter roast yet reduces acidity and develops a smoother, sweeter espresso without harsh overtones, and no bitterness. Espresso that is truly in the Northern Italian style.
